I understand. I wanted the consent for access to be as broad as possible just in case things change.

To be clear, [Personal Address/Ex. 6] is a different pipeline. It's sole use is to create a pump around system to divert the creek while we remove waste rock from the channel above the claim in question. It is not for conveyance or management of mine discharge.

Thanks for running this down.

Importance: High

Marc – I spoke this evening with the on-scene coordinators working to address releases from the Gold King Mine. They hope to starting working tomorrow at the Personal Address/Ex. 6 in preparation of staging equipment and constructing a pipeline from the Gold King

Mine adit to the Gladstone area. I would like confirmation that the
[Citizen Name/Ex. 6] consents to EPA and its state and
federal partners entering and accessing this property. I have
attached a consent to access form we request [Citizen Name/Ex. 6]
[Citizen Name/Ex. 6] to sign to document this consent. I am
available first thing tomorrow morning to answer any questions you
may have. Thank you for your cooperation in this matter.
